CHAYIL OILFIELD

ENVIRONMENT POLICY STATEMENT

Chayil Oilfield Company Limited acknowledges our role in environmental stewardship. We are committed to protecting and enhancing the ecosystems around us.

Our Key Commitments:

- **Prevent pollution** – Through robust waste management, responsible chemical use, and safe disposal of drilling fluids and waste.
- **Conserve resources** – Minimise waste, save water, reduce energy use, and promote recycling and reuse.
- **Protect biodiversity** – Avoid sensitive habitats, control access routes, and restore temporary worksites after demobilization.
- **Reduce emissions** – Maintain equipment, plan efficient logistics, and adopt cleaner technologies.
- **Ensure compliance & improve** – Follow all environmental laws, conduct impact assessments, and set measurable objectives.

Top management is committed to:

Top management provides resources and leadership, train staff, monitors environmental impact through audits, and engages communities to support environmental stewardship.

We aim to contribute to environmental sustainability and a healthy planet for future generations.
