COMPANY PROFILE

An offshore oil rig is shown at sunset, with the sky transitioning from blue to orange and yellow. The rig's complex structure, including a large derrick, is silhouetted against the bright sky. The ocean is visible in the foreground, with some whitecaps. A large, dark, triangular graphic element is overlaid on the right side of the image, containing text.

One of the first local oilfield services provider in East Africa. We are a leading provider of engineering and value-added oilfield support services in the oil and gas industry. We offer products and services in drilling, well evaluation & intervention, midstream and downstream sector of the oil & gas industry.

Through our strategic partnerships with OEM & major oilfield service companies together with our local knowledge & team, Chayil is determined to become the reliable partner of choice in the upstream, midstream & downstream sector of the oil and gas industry.
