CHAYIL OILFIELD

QUALITY POLICY STATEMENT

Chayil Oilfield Company Limited is committed to delivering innovative, reliable, and safe oilfield technologies and services that consistently meet customer and applicable statutory and regulatory requirements.

We pursue quality by:

- Understanding and exceeding customer expectations.
- Applying a process-based approach to all project stages – from development to delivery.
- Identifying and managing risks to ensure consistent service quality.
- Empowering employees through trainings, knowledge sharing, and best practices.

Top management is committed to:

- Providing strategic directions and resources for the Quality Management System (QMS).
- Setting measurable quality objectives and reviewing performance regularly.
- Driving continual improvement based on audits, feedback, and performance data.

Through these efforts, we aim to enhance customer satisfaction and maintain and grow our position as a trusted partner in Sub-Saharan Africa energy and mining sectors.
